Keep the wheels turning with new

CHAMPIONSHIP SPRINT

Available as a whole SYSTEM II game and as game kits to convert the existing base of Paperboys.

ATARI GAMES

- ☐ Proven player appeal in racing format and head-to-head competition.
- ☐ Five all-new tracks plus three favorite tracks from its predecessor, Super Sprint.
- ☐ One or two players can compete against each other and against computer-controlled cars.
- ☐ Higher earnings features like the two-player simultaneous, add-a-coin, and buy-in concepts.
- ☐ New twists on the custom car features. Players are rewarded extra "bonus wrenches" for beating the best lap time on any track.

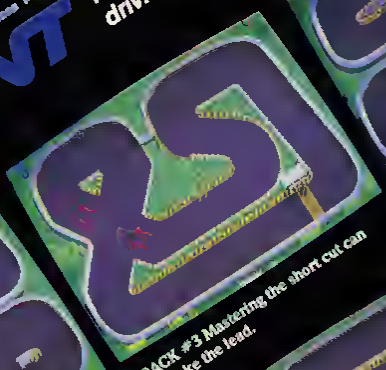
TRACK SELECT SCREEN. Players select easy, medium, hard, or very hard starting track.

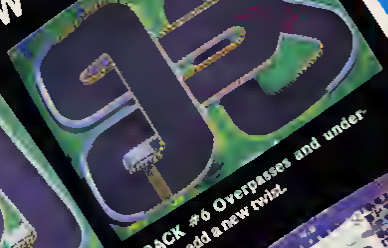
CHAMPIONSHIP SPRINT

has got what it takes to keep the best driving excitement going: NEW TRACKS!

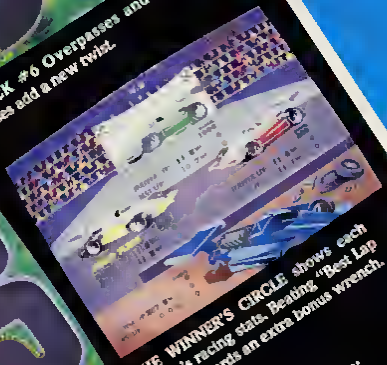
TRACK #2 Opening and closing gates add a new timing element.



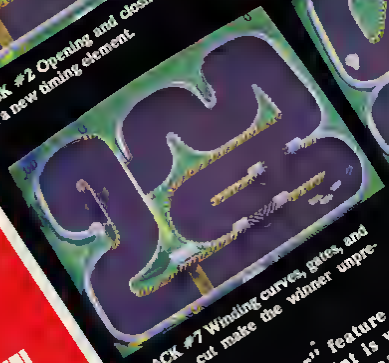
TRACK #3 Mastering the short cut can help take the lead.



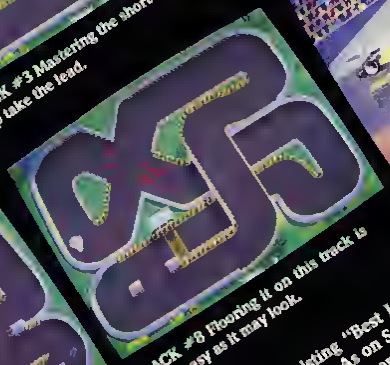
TRACK #6 Overpasses and underpasses add a new twist.



THE WINNER'S CIRCLE shows each player's racing stats. Beating "Best Lap Time" awards an extra bonus wrench.



TRACK #7 Winding curves, gates, and a short cut make the winner unpredictable.



TRACK #8 Flooring it on this track is not as easy as it may look.

The "custom car" feature on Championship Sprint is what makes players want to keep adding coins to continue in the game. In each race, players compete to collect gold wrenches which appear randomly on the track. These wrenches can be traded in for custom car features such as higher top speed, super traction, turbo acceleration, and faster crash recovery. There are five levels of each of these features for a total of 20 custom car bonuses. There is also an unlimited bonus of increased score for more skillful players. By using the add-a-coin feature, players will keep any custom car features they have accumulated.

New on Championship Sprint is an extra player bonus where a wrench is awarded to players who can better the existing "Best Lap Time" on each track. As on Super Sprint, bonus wrenches are also awarded to players who start a game on a more difficult level. Championship Sprint will be a surprise to even seasoned "Sprint" players, as there are new tracks which offer unique challenges. In addition, track hazards and obstacles will gradually increase on each progressive track.

Operator Options

- ☐ Comprehensive coin accounting and statistics package in self-test
- ☐ Auto High Score Table reset
- ☐ Four levels of game difficulty settings for drone speed, number of wrenches for bonus car features, and track hazard difficulty.

ATARI GAMES

Championship Sprint offers maximum earnings features with the proven multi-player, add-a-coin, and buy-in concepts. Two players can compete head-to-head, or a second player can enter a game at any time if one player is already in the game. If a player loses to one of the drone cars, another coin will allow him to stay in the game.
